

Letter of Intent - Massey Innovation Pilot

Project Title:

Investigator Information

Investigator(s) name(s):

Role in project:

Key collaborators and their roles:

Name(s):

All applicants are required to consult a biostatistician as part of the application process. Please contact the Biostatistics Shared Resource to make an appointment (Nolan Wages wagesn@vcu.edu).

Projects must directly engage the community in the design, implementation, and/or evaluation of the proposed research. Applicants are strongly encouraged to contact the Office of Community Outreach and Engagement to discuss the incorporation of Massey Community Champions into their projects. To consult with a potential champion, please contact cancerchamps@vcu.edu.

Specific Aims

What are the specific Aims of the project?

Project Description

Provide a brief project description.
